Stakeholders International Conference | "FUTURE TRENDS IN MARITIME AND ICZM REQUIREMENTS" | 23.01.2020, Piri Reis University (Istanbul)

The International Stakeholders Conference comprised several interesting presentations on current maritime issues analysed from different perspectives, such as financial aspects, certification standards, the dry port concept, or the entrance of the Generation Z in the labour market. The Conference was opened by the Rector of the Piri Reis University, Professor Dr Oral Erdoğan, who congratulated the initiative of the MINE-EMI project and delivered inspiring words about the maritime

profession “We have to adapt to our times without losing the ethics of a traditional profession” he said.

Multiplier event | INTERNATIONAL CONFERENCE "SHIPPING IN THE ERA OF TRANSFORMATION" | 26.11.2020

The second MINE-EMI Multiplier event and International Conference was organised by the University of the Aegean. After a customary session on the project latest developments, the event was organised in two sessions. Session 1 focused on the Industry perspective, while session 2 focused on the students perspectives regarding maritime education and training, and was organised by students of the university. The opinions and feedback of sector representatives and graduate students collected during the event will prove useful in shaping of the Joint Master Program in the following phase of the project.

THE MINE-EMI Project

MULTIPLIER EVENT MINE-EMI

Maritime Innovative Network of Education for Emerging Maritime Issues

Date: 26.11.2020

AGENDA

17:00-17:45	**SESSION 1: MINE-EMI PROJECT** • Scope and project's objectives (Piri Reis University, Leader) • Needs Assessment Presentation • Partners' Presentation
17:45-18:45	**Session 2: Shipping in the era of transformation -Industry's perspective-** **Moderator:** Dr. E. Stefanidaki, University of the Aegean **Speakers:** • Mrs. E. Petraki, ENEA Management Inc., President of WISTA Hellas, Vice President, HSSA. • Mr. Kalargyros, Group HR Director, Latsco Shipping Ltd. • Mr. I. Bras, CEO-Five Senses Consulting • Dr. G. Vaggelas, University of the Aegean, • Cptn. G. Tsouris, Educational Advisor, SQLearn
18:45-19:45	**Session 3: Maritime Education and Training -the Students' perspective-** **Moderators:** Mr. Ch. Pappas, Isalos.net Mr. I. Katsounis, University of the Aegean Master students state their views in respect to the expectations they have from maritime education
19:45-20:00	**Concluding Remarks**

Multiplier event | INTERNATIONAL CONFERENCE "INNOVATIVE EDUCATION FOR EMERGING MARITIME ISSUES" | 25.02.2021

The third Multiplier Event of the MINE-EMI Project was organised by the Nikola Vaptsarov Naval Academy (Varna – Bulgaria) and took place online due to the current sanitary situation. After a preliminary presentation on the overall status of the project, conducted by the project leader, Piri Reis University (Alaettin Sevim) and partner development updates, the event focused on topics related to green ports, multimodal transport, maritime spatial planning in the Black Sea, blue growth in the Adriatic-Ionian region, soft skills in shipping, and digitalisation.

MINE-EMI

MARITIME INNOVATIVE NETWORK of EDUCATION for EMERGING MARITIME ISSUES

Project 2019-1-TR01-KA203-077463

MULTIPLIER EVENT

Date: 25.02.2021
Time: 13:30 – 16:00 EET

13:30 **SESSION 1: MINE-EMI PROJECT DEVELOPMENT**

Moderator: Doc. Dr. Taner Albayrak/ Alaettin Sevim

- **Project Update**

14.15 **SESSION 2: INTERNATIONAL CONFERENCE "INNOVATIVE EDUCATION FOR EMERGING MARITIME ISSUES"**

Moderator: CAPT. Nedko Dimitrov

- **Green ports**
- **The impact of containerization to the development of multimodal transport and to the operations in the port terminals**
- **Importance of Materials on the Maritime**
- **Maritime Spatial Planning within EEZ and Mare Liberium**
- **Integrated Maritime Spatial Planning requirement and opportunities in the Black Sea**
- **The potential of Blue Growth in the Adriatic-Ionian area: a SWOT analysis**
- **The case study methodology as an educational tool for enabling soft skills in shipping**
- **Port labour in the era of automation and digitalization**
- **Multimodal Transport Operation**
- **Application of virtual online techniques in maritime education in a pandemic – new pedagogical environment and issues**
- **Development of effective online courses using instructional design models**
- **Development of Postgraduate Programs in Blue Universities within Fourth Generation University Context**

Automation and Maritime Cyber Security

15.15 **SESSION 3: DISCUSSION ON PROJECT DEVELOPMENT METHODOLOGY AND TOPICS RELEVANCE**

Moderator: Siyana Angelova

16:00 **CONCLUDING REMARKS**

Virtual environment: MS Teams (the link will be published a week before the event)

About the MINE-EMI Project

Coordinated by the Piri Reis University (Turkey), the Maritime Innovative Network

of Education for Emerging Maritime Issues (MINE-EMI) Project focuses on elaboration of a Joint Master Programme (JMPs) that facilitates developing skills and competences to raise awareness on emerging maritime issues in the wider Black Sea region in order to promote sustainable management of the maritime sector in the region.

The project aims to fill the gap between requirements in the maritime sector (management, transport operations, logistic) and the current lacking offer of updated courses in that matter. In the longer term, the objective is to establish a “Black Sea Community of Maritime Education and Training Institutions” to contribute to boosting sustainable European maritime economy, Blue Growth, and Integrated Maritime Policy implementation by providing modern and adequate education and training.
